

Good afternoon to all my District 4 family. As we are nearing Thanksgiving Day please keep our Veterans in mind. So, you know a Veteran who has no family nearby? Or one who does and they do not visit? If you have extra room at your dinner table, why not invite them. If they say No how about we drop off a dinner to you! No one likes to be alone during the holidays. With that in mind you could also adopt them for the Christmas holidays. I know Veterans in nursing homes and the VA get adopted most have everything they need but a puzzle book box of candy a small simple flower to brighten the room.

I have revised the Membership report that I can retrieve from Malta some of you are doing well and some need some help.

Remember that your President Secretary and Treasurer need to have their dues paid by December 31, 2025, to remain in office. Please let us not let that happen. It might just be a simple reminder. With meetings still being held in December lets reach out to those members who haven't paid. It could be something simple as a recent hospital visit a death and they lost track of time but let's go the extra mile and reach out. It's good to get new but we must also retain those we already have and have been members for a long time.

Looking at the report card as it is called, I see a lot of X's on there and I see a lot of blanks to. Let us work the in upcoming months, report those programs, and get your credit. The holidays with kids' children Christmas parties and adopting a Veteran are all things our Auxiliaries do and should be reported.

Again, those who are traveling for the Thanksgiving holiday please be safe, enjoy your family time, say prayers for those who will not be at your dinner table and remember what our mission is -our Veterans. Please also keep our Veterans who are unable to be home with their families in your prayers.

Loyalty

Marcia Williams

District 4 President
